Anyone who asks for this volume, to read, collate, or copy from it, and who appropriates it to himself or herself, or cuts anything out of it, should realize that (s)he will have to give answer before God's awesome tribunal as if (s)he had robbed a sanctuary. Let such a person be held anathema and receive no forgiveness until the book is returned. So be it, Amen! And anyone who removes these anathemas, digitally or otherwise, shall himself receive them in double.

EDITORIAL

St. Ephrem Ecumenical Research Institute (SEERI) has always sought to promote in every way the study of the Syriac language and literature. The publication of “A Concise Syriac – English Dictionary” is one more among these efforts. Chorepiscopa Dr. Curien Kaniampampil is the most eminent Syriac Scholar in Kerala. He has over several decades made monumental contributions to the promotion of Syriac studies through his publications. The Dictionary now being published is his latest achievement in this field.

Dr. Sebastian P. Brock, the universally acknowledged master and scholar of Syriac, went through the manuscript and wrote an appreciation of the book. Rev. Sr. Hatune Dogan of the Syrian Orthodox Church from Germany for whom Syriac is mother tongue has not only done a hard task of devising a computer programme to render the Syriac words in printed form, but has also herself added her expression of appreciation of this work.

It is our earnest hope that this Dictionary will prove beneficial to everyone who seeks to attain familiarity with the Syriac language.

FORWARD

The Very Reverend Dr. Curien Kaniampampil Corepiscopa is one of the most learned and highly respected Syriac Scholars in India. Among his many publications one might single out his translation of the Syriac Peshitta Bible into Malayalam as being particularly significant. Since the Peshitta has always been the standard translation of the Bible for the Syriac Churches throughout the Centuries, it is of great importance that this ancient and venerable version of the Bible should be made accessible in Malayalam for the benefit of modern readers, both for private reading, but above all, also for liturgical use. Dr. Curien Kaniampampil Corepiscopa is also the author of another, highly original, contribution to the Syriac Bible, in the form of his Syriac verse rendering of St. Matthew's Gospel (also published in SEERI's Moran Etho Series). For the present volume too, all who have a love and appreciation of the Syriac language and tradition will find themselves once again indebted to Dr. Curien Kaniampampil Corepiscopa. Those commencing on the study of the Syriac language often find that the standard Syriac-English dictionary, by Mrs Jesse Margoliouth, is rather formidable to use at first. What is wanted for them is a smaller, and more user friendly, dictionary.

This is just what Dr. Curien Kaniampampil Corepiscopa has now produced, for here is a handy dictionary that is conveniently smaller in size as well as in coverage, Those who use a dictionary rarely stop to think of the long hours of labour that have been spent in compiling it. To this has to be added the arduous task of typing the vocalized Syriac text, along with the English. This was carried out with great skill by Sister Hatune Dogan who, out of her great love for the Syriac language, willingly undertook this as a true "labour of love".

AN APPRECIATION

Rev. Sr. Hatune Dogan

(Syrian Orthodox from Paderborn, Germany,
born in Zaz, Tur-Abdin, Turkey)

‘Tawdi l-Moryo’ - Thanks be to God! Having Syriac as my mother tongue and seeing so eminent a Syriac scholar like Very Reverend Dr. Curien Kaniampampil Corepiscopa in India, I am straight-away drawn to a state of bliss, fully immersed in gratitude towards God. There is no doubt, our most revered Corepiscopa is God’s gift to India, particularly to the Syrian Orthodox Church and to all the lovers of Syriac heritage.

His literary works build up a lasting legacy to all those who want to familiarize themselves with the study of Syriac language, history of Syriac Churches and the biblical traditions of the Churches of Syriac heritage. The Syriac scholars and the Heads of Syriac Churches have shown great appreciation for his literary services and achievements. Here it is good to list a few of his valuable contributions in the field of Syriac studies:

1. The Gospel of St. Mathew

Written in Syriac verse that can be sung like any of the Bo’utho of Jacob of Sarug - published by SEERI (Mōrān ’Eth’ō No. 11 - 1999)

2. Syriac in Six months

A short handy Syriac Grammar published by SEERI (Mōrān ’Eth’ō No. 14 - 1999)

3. Visudha Grandham

A Malayalam translation of the Holy Bible in Peshitta Syriac, published in 1994.

4. Poetical translation of the Sunday Prayers
5. Prayer to the Mother of God
6. Doctrines of the Church - Vol I. II. III.
7. Histories of the Syrian Church
8. Biographies
9. Commentary on the Bible (N.T. Published in 1998)

This short list suffices to show that our author puts his talent at the service of his Church and his fellow believers. The various medals, prizes and honorary titles given by the Supreme Head of the Syrian Orthodox Church and other Institutions bear witness to his eminence in Syriac language and literature.

For me, it is a great honour to collaborate in the publication of this Dictionary of this great Syriac scholar from India.

Being the author of similar Syriac Dictionary (WORTER BUCH SYRISCH / ARÄMAISCH - DEUTSCH, DEUTSCH - SYRISCH / ARÄMAISCH, 1998) and having Syriac as my mother tongue, I gladly accepted the invitation to set this dictionary with computer. For it will witness to the unique and incomparable expertise of our author in Syriac.
